

# The Royal St George's Society of Halifax

February 2010

## Message from the President

After being elected President my first task was to phone around the membership, to introduce myself and try to talk to as many members as possible. If I didn't get to speak with you my contact details are below and I look forward to your comments on how you see the Society moving forward in this new decade.

In addition I shall be holding an open house on February 21<sup>st</sup> between 2 and 4 pm, for any of you who would like to meet me in person – please see details below.

My job is to steer the Society forward with the help of the members of the Executive that have stepped forward to be involved and assist. It is important to me that the membership is listened to and is able to make a contribution to this process.

During my term there are two items that I want to concentrate on, that I feel are at the root of our aims and objectives. Firstly, what events does the membership wish to see being arranged for them to attend and enjoy. Secondly, which charities should the Society be directly our funds towards?

Already, through talking to many of you I have received some great suggestions and guidance and I commend more of you to have your say. We can then discuss at the Executive what is feasible to pursue and report back to you all.

I look forward to serving you all in the coming year and promoting our Society to be something we can be proud to proclaim our membership of and have others wanting to join.

Mark Spindloe  
President.
